

Visit BizJet at the Lufthansa Technik's Booth #443 at EBACE 2012

Perfection is a given.
BizJet Aircraft Completions.

The canvas on which we work is every inch of your cabin, brought together to become the perfect reflection of you. Our tools are vision, precision, elegance – taking form as fine, hand-stitched leather, plush carpets, rich fabrics, state-of-the-art electronics, and more.

Backed by the strength and reputation of Lufthansa Technik, BizJet can proudly point to hundreds of interior works flying business missions worldwide. Each as unique as the individuals who travel in them. Each completed with total attention to budget, timeliness, and pride of ownership.

Let us help create an interior worthy of your business.
